

Chaerul Umam

Jakarta Timur, Indonesia | 089605428173 | umam.c.u23@gmail.com

SUMMARY

Full Stack Developer with 5+ years of professional experience in designing, developing, maintaining, and enhancing web applications using Laravel and CodeIgniter. Experienced in backend and frontend development, MVC architecture, REST API integration, relational databases, system debugging, and web application maintenance. Proven experience in developing government and internal organizational systems, including end-to-end application development, API integration, project leadership, and technical mentoring. Currently pursuing a Bachelor's degree in Information Systems with a GPA of 3.91. Also experienced in teaching Laravel and MySQL development and utilizing AI-assisted development tools such as ChatGPT.

EDUCATION

Universitas Bina Sarana Informatika

Bachelor of Information Systems (S1 Sistem Informasi), GPA: 3.91 / 4.00

2025 – 2026

EXPERIENCE

Full Stack Developer

September 2022 – Present

PT. Mitreka Solusi Indonesia

Jakarta Selatan

- Develop and maintain web applications for government and internal organizational projects.
- Lead internal web application projects, including planning, development, implementation, and technical coordination.
- Mentor and guide internship students in developing internal web application projects.
- Perform end-to-end application development and REST API integration for various government and organizational systems.
- Develop scalable and maintainable applications using Laravel and CodeIgniter with relational databases and modern frontend technologies.
- Collaborate on application development, system enhancement, debugging, integration, and maintenance based on project requirements.

Web Developer

February 2020 – August 2022

PT. Mitra Info Sarana

Jakarta Timur

- Modified and enhanced web applications, including the Sales Information System (SiS) and e-Ma, using the CodeIgniter framework.
- Integrated web applications with the Pentaho ETL system.
- Debugged and resolved application errors and technical issues in SiS and e-Ma.
- Created annual reports related to maintenance, services, and change requests for the e-Ma system.
- Analyzed application requirements and provided development ideas for internal systems and client needs.
- Performed remote server maintenance for client web applications.
- Supported and recorded monthly data cutoff submission times for PT. PLN.
- Studied and explored additional technologies including Power BI, Tableau, ASP.NET, and other relevant tools.

IT Support

January 2018 – December 2019

Yayasan Askar Kauny

Jakarta Timur

- Provided IT support and technical assistance for organizational operations.
- Assisted with troubleshooting and resolution of technical issues.

Assistant Laboratory

March 2016 – July 2017

Bina Sarana Informatika (BSI)

Bekasi Utara

- Assisted instructors in delivering practical programming and laboratory sessions.

- Provided technical and logistical support to ensure smooth class operations.
- Guided students in troubleshooting programming errors and understanding course materials.
- Acted as a substitute instructor and led practical classes when the primary instructor was unavailable.

IT Programmer

September 2016 – February 2017

PT. Shan Informasi Sistem

Jakarta Barat

- Worked as an IT Programmer supporting software development and programming activities.

PROJECTS

RKL-RPL / Amdalnet — Ministry of Environment and Forestry (KLHK)

- Developed and maintained web application functionality for the RKL-RPL / Amdalnet system.
- Worked on application development using the Laravel framework and supporting frontend technologies.
- Supported document-related functionality and integration with cloud storage services.
- Technologies: Laravel 9, PostgreSQL, Bootstrap, JavaScript, CSS, jQuery, OnlyOffice, PHPWord, PHPDocX, AWS S3.

SIMLALA — Ministry of Energy and Mineral Resources (ESDM)

- Developed and integrated application functionality for the SIMLALA system.
- Implemented API integration to support communication between application components and external systems.
- Worked with structured JSON data and relational database systems.
- Technologies: Laravel 9, PostgreSQL, REST API, API Integration, JSON.

WK-MIGAS — Ministry of Energy and Mineral Resources (ESDM)

- Worked as a Full Stack Developer in developing and maintaining the WK-MIGAS web application.
- Developed application functionality using CodeIgniter and supporting frontend technologies.
- Utilized Redis to support application performance and data handling.
- Technologies: CodeIgniter 3, MySQL, Bootstrap, JavaScript, CSS, jQuery, Redis.

CSSERP & Company Profile — Internal Projects

- Developed and maintained internal web applications and company profile systems.
- Implemented application functionality using Laravel and relational database technologies.
- Supported frontend development and system maintenance based on internal requirements.
- Technologies: Laravel 9, MySQL, Bootstrap, JavaScript, CSS, jQuery.

Helpdesk — Ministry of Home Affairs (Kemendagri)

- Developed web application functionality for the Helpdesk system.
- Integrated communication services with external APIs to support application functionality.
- Implemented API integration with Qontak.com for WhatsApp-based communication.
- Technologies: Laravel 8, Vue.js, PostgreSQL, API Integration, Qontak.com, WhatsApp.

SIMPEL — Ministry of Communication and Information Technology (Kominfo)

- Developed application functionality for the SIMPEL system.
- Integrated BSR digital signature services into the application.
- Implemented QR Code functionality and supported application integration requirements.
- Technologies: Laravel 11, PostgreSQL, BSR Digital Signature API, QR Code.

TECHNICAL SKILLS

Programming & Backend: PHP, Laravel, CodeIgniter, MVC, Object-Oriented Programming (OOP), REST API

Frontend Development: HTML, CSS, JavaScript, jQuery, Vue.js, Bootstrap

Database: MySQL, PostgreSQL

AI & Development: ChatGPT, AI-Assisted Development

Development & Collaboration Tools: Git, Jira, Trello

Core Competencies: Full Stack Web Development; Laravel Development; CodeIgniter Development; Backend Development; Frontend Development; REST API Integration; Database Development; MVC Architecture; Object-

Oriented Programming; AI-Assisted Development; Web Application Development; System Debugging and Troubleshooting; Application Maintenance; Government System Development; Project Leadership; Technical Mentoring; Programming Instruction; Redis; AWS S3; OnlyOffice; PHPWord; PHPDocX; QR Code; JSON; Pentaho ETL; Power BI; Tableau; ASP.NET

CERTIFICATIONS

Competency Certificate – Program Analyst

The Best Mitreka – Category: Best Timesheet

Assistant Laboratory

ADDITIONAL EXPERIENCE

Laravel & MySQL Coding Instructor - Teach aspiring developers how to build web applications using Laravel and MySQL. - Provide practical, hands-on guidance in programming and web application development. - Help learners understand backend development, database integration, and application implementation.

PERTANYAAN YANG SERING DITANYAKAN

❓ Berapa lama pengerjaannya ya ka ?

Tergantung ya ka. Untuk paket HEMAT dan MENENGAH kami kerjakan -> 1-2 Hari, namun untuk Paket V.I.P kami butuh 3-7 Hari. Dan untuk paket masa aktif 1 hari.

❓ Jika sudah deal bisa revisi lagi ka ?

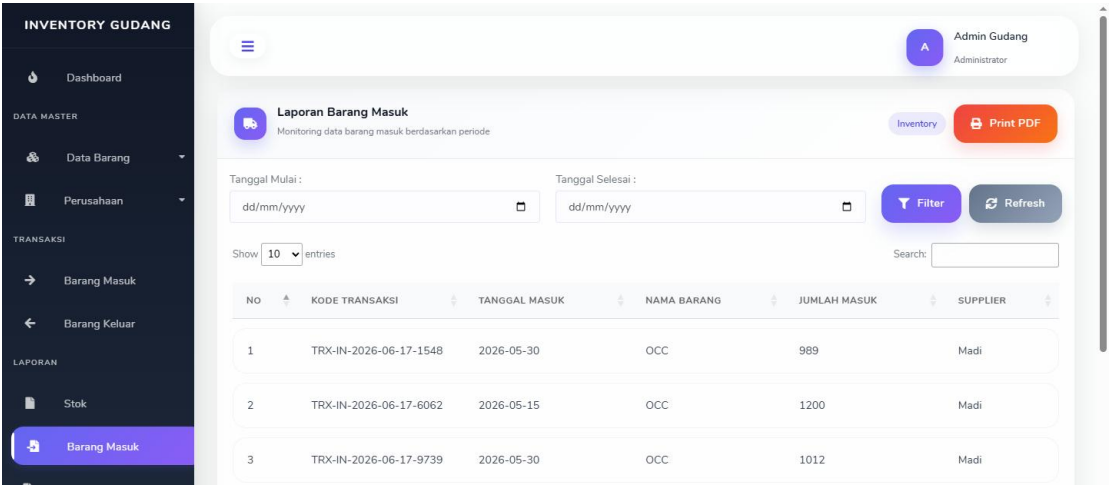

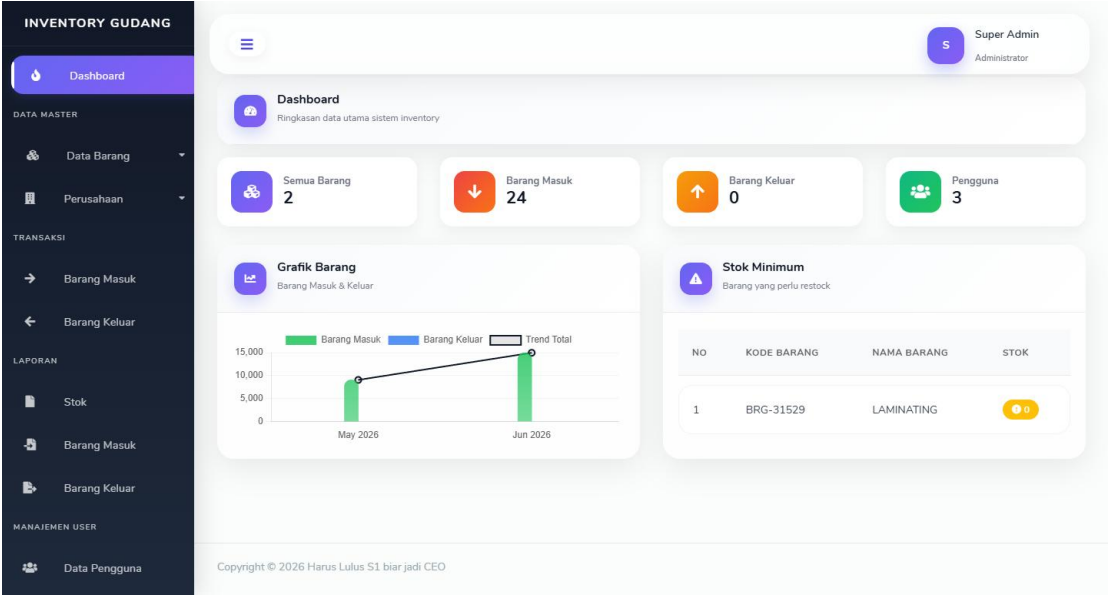

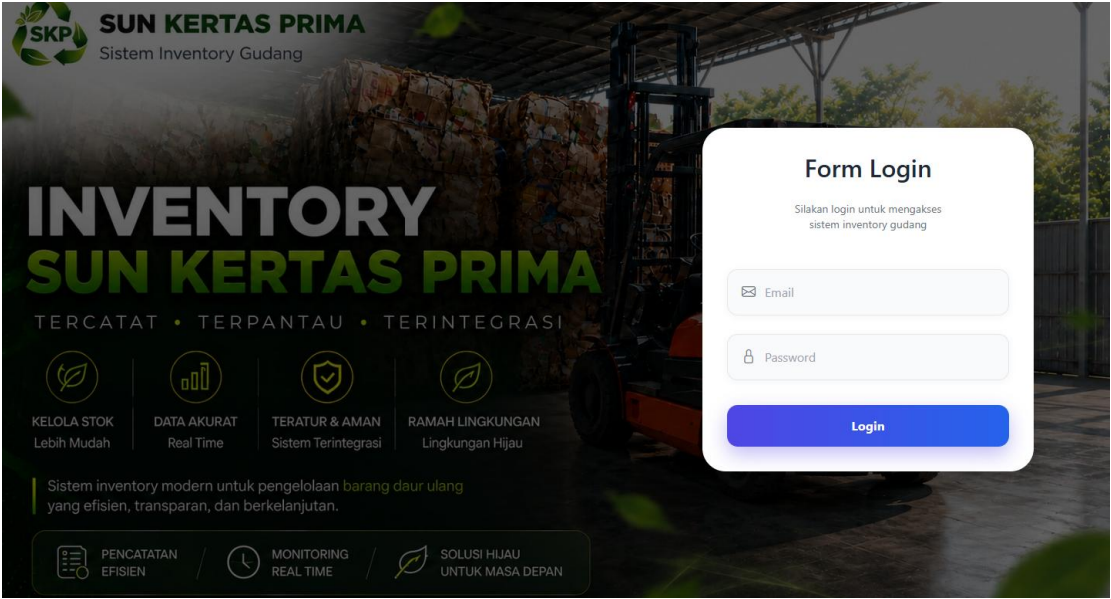

❓ 3bulan 6bulan 9bulan maksudnya apa ka ?

❓ RSVP itu apa sih ka ?

❓ Undang secara khusus maksudnya gimana ya ka ?

❓ Bagaimana cara kerja Scan QR Code ka ?
